MULTIPLE EMBRYOS

Since the American Quarter Horse Association (AQHA) rule change allowing more than one foal (multiples) to be registered out of a mare in the same year, it is not possible for the AQHA, Equine Line, the Sale Company and/or the Sale Catalog company to know how many live foals a mare has produced each year.

PLEASE NOTE: The fact that a foal is an embryo transfer does not necessarily mean it is one of multiple foals. The fact that a foal was born naturally out of a mare does not necessarily mean it is a single foal.

Neither Sale Company nor Sale Catalog Company will be held responsible for providing information as to multiple embryos (foals of the same year) out of mares or dams in sale; nor will be held liable in any way for buyer's belated awareness of such information.

Embryo Transfer status of sale entries may be announced at this sale. **BUYERS PLEASE LISTEN CLOSELY FOR ANNOUNCEMENTS AT THE SALE.** Announcements always pertain to information that is NOT on the catalog page. Awareness of such announcements is the buyer's responsibility.

AMERICAN QUARTER HORSE RACING

NOTICE REGARDING GRADED STAKES

All stakes races having been run at least two consecutive years and meeting the minimum purse and points requirements are eligible for consideration for an appropriate grade, either grade 1, grade 2, or grade 3. They shall be reviewed by the Graded Stakes Committee annually. Definitions of open and restricted stakes races are available to educate horsemen and fans.

Open Stakes Race – any race in which any foal or horse can make nomination(s), sustaining and entry fee payment(s), or supplemental payment, at the time of entry as long as the conditions do not exclude a horse based on the criteria set for a restricted race. An open race may restrict entrants only to age or sex.

Restricted Stakes Race – A race in which the conditions limit the participants based upon any of the following criteria:

1. State/Province/Country of breeding
2. State/Province/Country of foaling
3. State/Province/Country of ownership
4. Horses sold in a particular sale
5. Progeny of a certain group of stallions

A restricted race will be available only to a certain set of horses and will not be open to all horses.

Before a person buys a horse of any age, they should be sure to conduct the proper research to learn about buying and owning a Racing American Quarter Horse. Also, interview current owner, breeders and trainers and consult www.aqharacing.com The AQHA Official Handbook of Rules and Regulations also will help with questions regarding fees, racing and other pertinent information.

HERITAGE PLACE RADIOGRAPH REPOSITORY TERMS

A Radiograph Repository (the "Repository") will be available for the benefit of consignors and buyers. Participation in Repository is voluntary. Consignors and buyers may and should make any additional arrangements deemed necessary for the pre-sale inspection of horses.

If consignors or buyers utilize the Repository, they agree to be bound by the following terms:

1. Yearling Sale---Participating consignors must provide a standard 32-View set of DICOM compliant Radiographs (the "Radiographs") consisting of: Both front fetlocks: DP, DLPMO, DMPLO, flexed lateral medial= 8 shots
   a. Both carpi: DLPMO, PLDMO (just off lateral), flexed lateral medial = 6 shots
   b. Both hind fetlocks: DP, DLPMO, DMPLO, standing lateral medial = 8 shots
   c, Both hocks: just off DP 10 degrees (slight DLPMO), lateral medial, PLDMO =6 shots
   d. Both stifles: lateral medial (getting the proximal tibia as well as the trochlear ridges of the femur and patells) and a plantar anterior (often an oblique is substituted at a PLDMO) as long as the condyles are visible = 4 shots
2. Mixed Sale(s)—Any radiograph views deemed relevant to the consigned horse will be accepted to the Repository.
3. Any Radiographs submitted by consignor must be taken within three (3) weeks of the date of the applicable sale.
4. Radiographs along with a copy of the horse's Registration Papers and Hip# must be submitted by the consignor to the third party vendor managing the Radiograph Repository no later than 7 days before the start of the applicable sale. Any Radiographs received that do not clearly describe the consigned horse to which the Radiographs apply will be discarded. Additional information on delivery of Radiographs will be provided prior to the sale. Check for more details at **www.heritageplace.com**
5. Veterinarians designated by buyers or buyers' agents may view Radiographs in the Repository but the use of Radiographs shall not relieve buyers of their responsibility to examine all horses prior to purchasing them. By removing any purchased horse from the Heritage Place, Inc. grounds, buyers reconfirms that the purchase of the horse is pursuant to the Heritage Place Sale Conditions-Seventh.
6. Consignors and Buyers understand and acknowledge that Heritage Place, Inc. (i) will not review Radiographs prior to the sale of horse, (ii) makes no representations or warranties of any kind concerning the authenticity, sufficiency, quality, completeness or accuracy of Radiographs, all of which are the responsibility of the consignor, and (iii) is not responsible or liable for any error, claim or damage as a result of buyer's use or reliance on Radiographs.
7. All Sales---In addition to Radiographs, the Repository is able to accept and make available Veterinarian Reports pertaining to the health and condition of a horse. Consignors and buyers are encouraged to utilize this function for any Veterinarian updates pertaining to a specific horse.

If, within 24 hours after the close of the session in which a horse is sold and before the horse leaves Heritage Place, Inc. grounds (the "Rejection Period"), a buyer discovers that the Radiographs materially misrepresent the physiology of the horse, the buyer may reject the horse and cancel his purchase of the horse. Any rejection must be in writing and accompanied by a Negative Veterinarian's Certificate describing in detail the specific defect that is the basis for the rejection and how the defect is materially misrepresented by the Radiographs. If the consignor disputes the buyer's rejection of a horse, the issue will be resolved between the consignor and buyer pursuant to the Heritage Place, Inc. Sale Conditions and Settlement Procedures. In any event, the buyer's right of rejection is waived and terminated immediately upon the removal of the horse from the Heritage Place, Inc. grounds.

The Oklahoma Large Animal First Responders Team was created as a result of the aftermath of the May 2013 tornadoes in an attempt to organize a group of experienced volunteers.

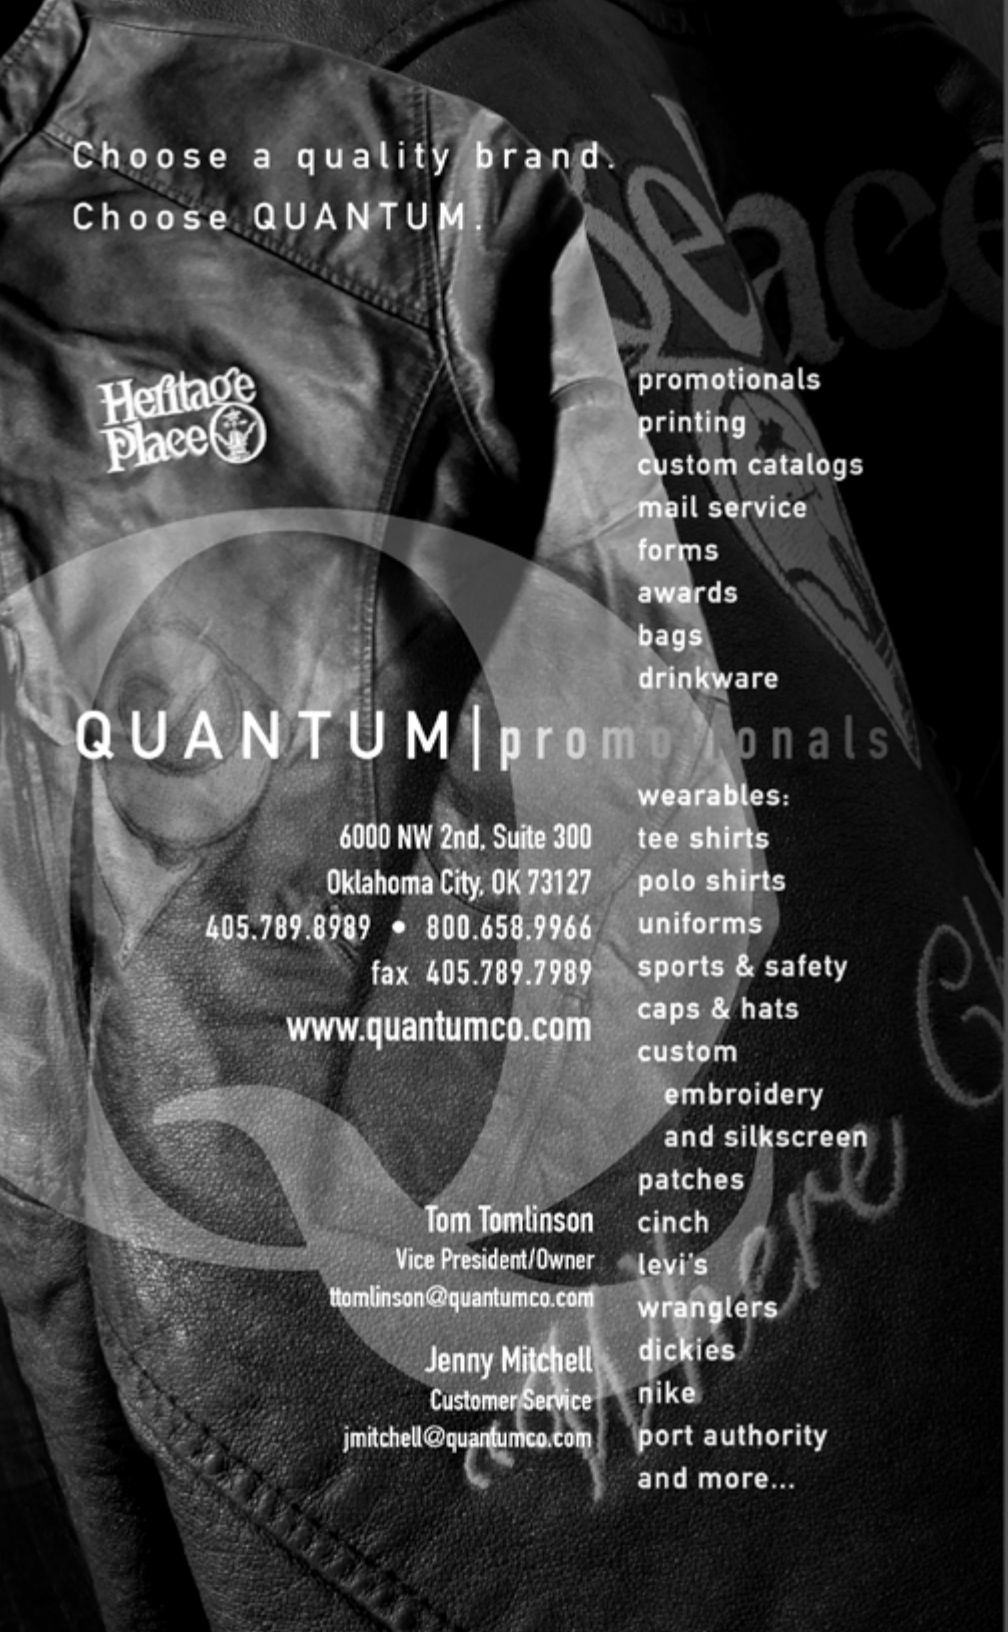

In the event of a catastrophic disaster, whether natural and/or man-made, in the Oklahoma and surrounding areas, we seek to assist in a public/private partnership that bridges the gap between federal, state and local agencies and private citizens by forming a comprehensive team capable of providing urgent care, triage, evacuation and other support for large animal victims and their owners. OLAFR will also assist in organizing assistance in the long term recovery such as feed and supplies through donations and volunteers. Through education and training we will work with the communities and owners to help them be more prepared for disasters.

Top Quarter Horses Bred at Mickle Ranch

By Jerry McElfresh

Some of the country's top quarter horses (the breed that dominates rodeo competition and is growing in favor as a race horse) are raised at Charlie Mickle's Valley View Ranch in Scottsdale. Mickle has operated the ranch at 7528 E. Valley View Rd. for five years and has lived and ranched in the Valley for most of his 50 years. His 50-acre ranch was home to 87 brood mares last year which were boarded there by owners. They were attracted to the ranch by Mickle's quarter horses' sires, Rebel Cause, Vanny Bar and Bar H Leo. Rebel Cause, the head sire, is Son of top Deck. He was purchased from television actor Dale Robertson two years ago after being named co-champion running quarter horse for 1961. Vanny Bar is the son of Three Bars and Bar H. Leo is the son of Leo. Top Deck, Three Bars and Leo are considered the top sires in recent history. Mickle also keeps about a dozen of his own brood mares. "The group is noted as one of the best", he said. One star among his mares is No Butt, who is co-owner of the mare's quarter-mile record at 21.7 seconds." The stallion mark is 21.6 and anything under 22 seconds is considered a good time, Mickle said. The horses are bred to start fast and stop quickly, they can outrun a racing thoroughbred for a quarter of a mile,1 but are not trained to go further. Because of these traits, they make excellent working stock Mickle said.' Roping, cutting and racing events at rodeos across the nation are entered almost exclusively by quarter-horse owners, Mickle said. "The quarter horse is much calmer and cool headed than the thoroughbred. "You can race one; and minutes later let a child ride it," he said. Mares that are boarded at Mickle's ranch stay there about three months while being bred. Each has its own paddock and stall which is cleaned daily. Mickle said that quarter horses are entered in racing events when they are young and usually race until they are three or four years old. They are then retired to stud or are put to work, depending on their records and their breeding. The Scottsdale rancher said that quarter horse breeding, now strictly regulated by the American Quarter Horse Association, had its start in the early 1800s. Mickle's ranch is one of two-quarter horse ranches in Scottsdale.

32 Horses in Painting - Rare Commission

When Orren was doing horse portraits for Charles Mackle of Scottsdale, Arizona, Mr. Mickle’s son Wes expressed a desire to have something special painted as a surprise for his father. Orren borrowed a black and white photograph of the elder Mickle on his roping horse. The picture had been snapped just after the pair had won a rodeo roping. With a little imagination and lots of hard work, Orren completed an exciting likeness of Mr. Mickle on Vanny Bar.
